<b>MATERIALS HANDLING</b>				
<b>Forklift Operator</b>	53-7051.00	70	11	.5 (1/2)
To comply with risk management requirements all students entering the WWRC forklift operator training program are first required to receive a recommendation for training from the WWRC Vocational Evaluation department. Forklift Operator training can be pursued independent of or in conjunction with other training programs.				
<b>Stock Clerk</b>	43-5081.03	750	120	6
Community Based Training (CBT) hours are included in the Stock Clerk program. In the Stock Clerk program, all students receive core instruction in materials handling with additional skills learned at related community business sites specific to the type of employment expected after graduation. Individualized options include training at a warehouse; lumber yard; grocery, car parts or retail store, etc.				

**The beginning assessment and Student Internship Program (SIP) times are included in all programs except ETO.**
